Subject: X-Ray Services Requisitioned by Chiropractors

Further to amended Bulletin 2051, dated February 27, 2008, one additional x-ray code has been added to the list of x-ray services which may be referred to an IHF by a chiropractor. This code is X040, x-ray of the sternum. A complete listing of x-ray codes eligible to be referred by chiropractors is detailed below.

In order to submit billings for chiropractor referred claims for x-ray services, it will be necessary to use a specific provider number in addition to the IHF billing number. The assigned number 991000-90 is to be used by all facilities in respect of all chiropractor referred facility fee claims submissions for x-ray services
