

Adam Wade BKin, DC

Candidate for CCO
Electoral District: 4

For those of you who don't know me, I'm Dr. Adam Wade and will be running for CCO Council in electoral District 4. On March 15, 2021, you will receive an email from the CCO with candidate voting instructions. Your vote will be cast ELECTRONICALLY. Every vote counts and it only takes a few seconds!

I have been in clinical practice now for 12 years and am at a point in my career where I can bridge the gap between new graduates starting out in practice, and those in our profession with years of experience. Through my experience sitting on the OCA Board of Directors as well as owning and running a multidisciplinary clinic, I believe I have the skills and experience to be an asset and active participant on the CCO Council. The elected chiropractors and appointed public members that sit on the CCO Council have the opportunity to develop policy and be actively involved in our profession's commitment to safe, effective and ethical treatment provided to the public which it is mandated to protect.

I obtained my Honours Bachelor of Kinesiology degree from Lakehead University in 2004 and graduated from CMCC in 2008. I practice diversified, evidence-informed chiropractic, with a specific interest in treating endurance athletes. Since graduation I have worked as an associate, bought and grown a multidisciplinary clinic including chiropractors, massage therapists and medical doctors. I have since sold that clinic and am now focused solely on my own patients, which has afforded me the time necessary to contribute to the CCO Council.

Chiropractors who are elected will reflect their commitment to the public's right to safe, effective and ethical chiropractic care. My approach with patients has always been evidence-informed, with an emphasis on patient specific treatment and focused take home rehab exercises to help not only with acute pain, but also to encourage long term prevention and improvement. Through my years in practice and experiences in different leadership roles I have always had an interest in serving a greater role in our profession than simply the day to day of clinical practice.

We as a profession have the privilege of self-regulation by law in Ontario. I aim to be a part of our self-regulation to make sure that we continue to have this privilege, and that it is done in the best interest of the public. I believe I have enough years of clinical experience to be a good representative for all chiropractors currently in practice in Ontario.

It would be my honour to be elected to the CCO Council and I will work hard to fulfil the CCOs mandate. I kindly ask for your support in electing me to this position and thank you for the opportunity. If you have any questions of me at any time feel free to email me at dr.adam.wade@gmail.com.
