## **Volunteer Opportunities with the CCEB**

Are you looking for new ways to get involved and give back to the profession?  
Consider becoming a CCEB volunteer.

CCEB volunteers are valued members of the CCEB team who:

- have been in practice for a minimum of one year in a Canadian jurisdiction,
- are members in good standing with their provincial regulatory body, and
- are not faculty at any chiropractic college and/or do not otherwise have a personal or business relationship which could be construed as a conflict.

CCEB volunteers have opportunities to participate in a variety of roles:

- Standardized patients
- Examiners
- Item writers
- Exam selection
- Exam validation
- Cut score setting
- Exemption review and appeal and other committee roles.

The CCEB provides:

- Training
- Travel, hotel, and expense reimbursement
- Fun and camaraderie with your peers.

Additionally, some volunteer roles qualify for continuing education or other credits with your regulatory body. Check with your regulator.

If you would like to learn more, please check out our website at [www.cceb.ca](http://www.cceb.ca) or email [volunteers@cceb.ca](mailto:volunteers@cceb.ca).

We are particularly focused on recruiting new bilingual (French/English) volunteers from across Canada.
