

Dr. Janine Taylor B.Sc., D.C.

CCO District 3

I have been a chiropractor for over 20 years, proudly serving the Durham and Clarington area. My goal is to provide each patient with high quality, evidence informed, patient centred care. I regularly collaborate with other health care providers in the community in order to best serve our patient population. I love being a chiropractor, it is an honour and privilege to be a member of a patient's health care team.

I have actively pursued opportunities to volunteer in the chiropractic profession in a variety of other capacities. I have been an examiner with the Canadian Chiropractic Examining Board, as well as other roles within the chiropractic profession. For over 20 years I have been a member of the OCA and CCA. I have enjoyed collaborating with my fellow chiropractors in an effort to support positive growth of chiropractic in Ontario.

I have just completed my 9-year term as a Peer Assessor with the CCO. I have performed over 100 Peer Assessments in my district. It has been a great experience to meet colleagues working in a variety of roles within their scope of practice as chiropractors in Ontario. We have come a long way as a profession, and I look forward to helping to shape our future.

At the CCO I have served as a non-council committee member of both the Advertising Committee and the Discipline Committee. This leadership experience has prepared me with the skills and competencies to run for a Council position at the CCO. I am action-oriented and motivated to see initiatives through to completion. I strive for excellence; I arrive at committee meetings fully prepared and am always ready to contribute to the objectives of the meeting. I believe that the most important first step is to listen, and then to work collaboratively as a committee to meet the purpose of the CCO, which regulates the profession in the public interest to assure ethical and competent chiropractic care.

I am genuinely drawn to service, both within my profession and community. With over 20 years of experience, and leadership in a variety of capacities, I am well prepared to serve the CCO and work towards better health outcomes to the public.

Please remember to vote in the upcoming CCO election. It would be my honour and privilege to represent District 3 at the CCO council.

Please feel free to reach out via phone or email at any time should you have any questions.
